

Lodi Wineries

Our wineries are excited to provide you a safe and enjoyable experience. As of July 1, Lodi wineries are reopening for outdoor tastings under California guidelines following the latest safety protocols. When visiting our wineries, you can expect a warm welcome along with the opportunity to taste a diverse range of varietals; but know that your experience may look a bit different. To help you navigate this current environment, please consider our own list of guidelines.

MAKE RESERVATIONS

Call ahead or go online to reserve your tasting experience prior to visiting. Reservations are highly recommended at all wineries and are required at several.

DRESS FOR THE WEATHER

Under current guidelines, your tasting experience at each winery will be conducted outdoors. Plan to dress accordingly.

BE PATIENT & SAFE

Please know that your safety and enjoyment are our number one priority. Our community and wineries are taking a variety of measures in accordance with the state and county's guidelines to reduce the spread of COVID-19. Not every winery in Lodi will reopen at the same time and in the same way. Be patient with winery staff and other guests; we are all doing our best to adjust to the current environment. Check with your specific destination(s) for details of their safety policies.

HAVE FUN

Last but not least, have an amazing time – you deserve this! And we can't wait to see you.
